MUSIC: something wondrous is happening

DRACO

The alien is taking a bipedal form!

ROTOM

Its hand, it reaches out . . . a
friendly handshake or an attack? It
reaches for me? What do I do, Diem?

SFX: movement of alien light-flesh touching Rotam's
mechanical arm

ROTAM

It's touching my hand! Now it . . .
it's . . . it's in my arm! It's
touching me inside my suit! I can feel
it touching my shoulder!

SFX: Music reaches crescendo

ROTAM/ONEX

(as possessed by the alien
intelligence o'nee)

I am o'Nex. I use this one as my
mouthpiece for I have no . . . mouth?
No communication as you do. Need being
to being physical touch. You encase
you in bubbles. Conclusion: bubble
puncture life threatening. This one
easiest to engage physical touch
without puncturing bubbles.

DIEM

Who are you? What do you want?

ROTAM/ONEX

I am o'Nex. My people sent me, using
every last resource to send. I was
only one they could send, but I am
enough.

DIEM

I'm afraid I do not understand.

ROTAM/ONEX

No. You do not. I am here to address
your people. To prepare you for
invasion.
